Languages of study
Students can take courses in English, French and German.

Commencement of studies
Commencement of studies in the Autumn Semester (September) or in the Spring Semester (February)

Access to further studies
Ph.D.

This Master programme follows a Bachelor's degree in business administration and provides an in-depth education in the field of accounting and financial management. The programme is very flexible and can be adapted to align with individual career goals. In particular, the modular structure of the study programme allows students to personalise their curriculum to place more emphasis on either Accounting and Control or Finance. The programme can also be completed with courses offered at the Universities of Bern and Neuchâtel under the BENEFRI convention. In addition, other classes may be chosen in the field of management and taxation law. Specific classes are also offered that allow students to obtain an equivalent qualification that counts toward the Swiss diploma for certified accountants.

Profile of the study programme
This Master programme provides in-depth education in the field of accounting and financial management. Students must choose a certain number of courses from the following core modules:

- Accounting and Control
- Finance

In addition to these two core modules, students can take a certain number of courses in management, economics, informatics, communication and media research and law. The final Master thesis is an individual research project at the end of the programme that is designed for students to apply their knowledge acquired throughout their studies.

Fribourg profile
The modular structure of the study programme allows students to personalise their curriculum and demonstrate the skills they have acquired. Students can focus on the Accounting and Control or the Finance module, depending on their interests.

Swiss Diploma for Certified Accountants
Specific classes are also offered to allow students to obtain an equivalent qualification that counts toward the Swiss Diploma for Certified Accountants. More information on this can be found on the website of the Akademie der Treuhand-Kammer/Académie de la Chambre fiduciaire (http://www.expertsuisse.ch). According to the regulations of the Academy for Swiss Certified Accountants, holders of the Master of Arts degree in Accounting and Finance from the University of Fribourg may be exempt from either the entire Accounting and Finance module examination or from Part I only, depending on the classes taken in the Master's programme (for more information and the list of equivalent qualifications, please consult the contacts provided in the Curriculum found below).

Learning outcomes and career openings
The course offers graduates excellent career opportunities in the fields of auditing, certified accounting, banking and general finance. A few examples include:

- Certified Accountant;
- Tax Expert;
- Business Management Consultant;
- Financial Analyst;
- Portfolio Manager;
- Management Accountant.

Studies organisation
Structure of studies
90 ECTS credits, 3 semesters

Admission
Master's degree programmes are built on the knowledge and abilities that were acquired when obtaining a Bachelor's degree.

Holders of a Bachelor's degree awarded from a Swiss university can be admitted to a Master's degree programme within the corresponding branch of studies (requires the acquisition of minimum 60 ECTS credits at Bachelor level in the corresponding discipline) without any additional requirements. The same applies to holders of a Bachelor's degree awarded by a foreign university, provided that the Bachelor's degree is recognised and considered equivalent by the University of Fribourg.

Holders of a Bachelor's degree awarded from a Swiss university or holders of a Bachelor's degree awarded by a foreign university, provided that the Bachelor's degree is recognised and considered equivalent by the University of Fribourg, can be admitted to a Master's degree programme within another
discipline with prerequisites (must be successfully completed before starting the Master's degree programme) or additional requirements (can be completed during the Master's degree programme). According to existing agreements, holders of a Bachelor's degree awarded from a Swiss university of applied sciences can also be admitted with prerequisites or additional requirements.

The respective conditions of admission for each Master's degree programme are reserved.

For the holders of a «Bachelor HES» in Management, candidates may be admitted to the Master with a complementary programme of 30 ECTS credits.
