Teacher Education for Secondary Level I

Degree conferred
Bachelor of Arts/Bachelor of Science in Secondary Education Level I

Languages of study
Possibility to study in French or in German

Commencement of studies
Students taking the Bachelor of Science in Secondary Education Level I may only start their studies in the autumn semester (September).

Access to further studies
This Bachelor programme qualifies students for the Master of Arts en enseignement pour le degré secondaire I/Master of Arts für den Unterricht auf der Sekundarstufe I. The «Master of Arts en enseignement pour le degré secondaire I/Master of Arts für den Unterricht auf der Sekundarstufe I» is required to teach in secondary level I education in Switzerland.

The Bachelor’s degree does not qualify students to teach; a «Master of Arts en enseignement pour le degré secondaire I/Master of Arts für den Unterricht auf der Sekundarstufe I» is required to teach in secondary level I education in Switzerland.

Objective
This training course is aimed at people wishing to teach in Cycle d'Orientation/Orientierungsschulen (CO) classes, corresponding to the final three years of compulsory education, in Switzerland. This prepares students to teach two to four subjects featured in the curriculum of these schools.

The Bachelor’s degree does not qualify students to teach; a «Master of Arts en enseignement pour le degré secondaire I/Master of Arts für den Unterricht auf der Sekundarstufe I» is required to teach in secondary level I education in Switzerland.

Subject training
The Bachelor course is aimed at providing candidates with basic scientific knowledge of their chosen teaching subjects (subject training), as well as the professional skills required to teach pupils in the three final years of compulsory education (professional training, educational skills, didactics and teaching practice). As a general rule, the subject training is done in the different faculties (which means that students follow the study programmes of their chosen teaching subjects), while the professional training, educational skills, didactics and teaching practice are taught in the teacher training facilities (the French-speaking Centre d'enseignement et de recherche pour la formation à l'enseignement au secondaire (CERF) and the German-speaking Zentrum für Lehrerinnen- und Lehrerbildung der Universität Freiburg (ZELF)).

Professional training, educational skills, didactics and teaching practice at the Bachelor level
The main emphasis is on introducing students to areas of scientific knowledge which play a role in teaching (educational sciences, humanities, didactics) through coursework, and to the practical aspects of teacher training through teaching practice in CO classes. The different periods of teaching practice which are a part of the training course ensure students take their first steps as teachers under the supervision of a tutor, the latter being a partner of the CERF or LDSI for the practical part of the course.

Languages in which the course is taught
Students may take the course according to a French or German-language study plan, or else according to a bilingual study plan (with either German or French as the major language).

Comments
When studies commence students must also enrol at the Centre
d'enseignement et de recherche francophone pour l’enseignement
au secondaire I et II (CERF, French-speaking section) or
Lehrerinnen- und Lehrerbildung für die Sekundarstufe I (LDS I,
German-speaking section).

Admission
The following Swiss school-leaving certificates grant admission
to Bachelor programmes at the University of Fribourg:

- Swiss academic Maturity Certificate
- Swiss professional Maturity Certificate in conjunction with
  the supplementary exam certificate from the Swiss Maturity
  Commission
- Bachelor Degree from a Swiss university, from an
  accredited Swiss university of applied sciences (HES/FH) or
  from a Swiss university of teacher education (HEP/PH)

A complete list of all further recognized Swiss school-leaving
certificates is to be found on the webpages of swissuniversities (in
French and German only): http://studies.unifr.ch/go/en-admission-
swiss-certificates

Foreign upper secondary school-leaving certificates are
recognised only if they correspond substantially to the Swiss
Maturity Certificate. They must qualify as general education.
Foreign school-leaving certificates are considered to be general
education if the last three years of schooling include at least six
general education subjects, independent from each other, in
accordance with the following list:

1. First language (native language)
2. Second language
3. Mathematics
4. Natural sciences (biology, chemistry or physics)
5. Humanities and social sciences (geography, history or
economics/law)
6. Elective (an additional language or an additional subject
   from category 4 or 5)

The general admission requirements to the Bachelor
programmes at the University of Fribourg for holders of foreign
school-leaving certificates as well as the admission requirements
for individual countries are to be found on the webpages of
swissuniversities: http://studies.unifr.ch/go/en-admission-countries
In addition, foreign candidates must present proof of sufficient
language skills in French or German.

The assessment of foreign school-leaving certificates is based on
the «CRUS Recommendations for the Assessment of Foreign
Upper Secondary School-Leaving Certificates, 7 September 2007»
(http://studies.unifr.ch/go/crus07en). The admission requirements
are valid for the respective academic year. The Rectorat of the
University of Fribourg reserves the right to change these
requirements at any time.
